Firm Description

Anchor Pointe Wealth Management, LLC, DBA Anchor Pointe Wealth Management (Anchor Pointe) was formed as a Missouri Limited Liability Company in April of 2015. Anchor Pointe became registered as an investment adviser in May of 2015. Derieck Hodges is 100% owner.

Anchor Pointe is a fee based financial planning and investment management firm. The firm does not sell annuities, insurance, or other commissioned products. Anchor Pointe does not act as a custodian of client assets.

Although Anchor Pointe may assist with tax and legal issues, the firm does not provide legal or tax advice. Other professionals (e.g., lawyers, accountants, tax preparers, insurance agents, etc.) are engaged directly by the client on an as-needed basis and may charge fees of their own. Conflicts of interest will be disclosed to the client in the event they should occur.

Types of Advisory Services

ASSET MANAGEMENT

Anchor Pointe offers discretionary and non-discretionary direct asset management services to advisory clients. Anchor Pointe will offer clients ongoing portfolio management services through determining individual investment goals, time horizons, objectives, and risk tolerance. Investment strategies, investment selection, asset allocation, portfolio monitoring and the overall investment program will be based on the above factors. Anchor Pointe may at times recommend the use of a third-party investment platform for facilitating account management. Information about such third-party investment platforms is available in the applicable platform disclosure brochure which is available upon request. Anchor Pointe may at times recommend the use of a third-party investment manager for delegation of investment management duties. Information about such third-party investment managers is available in the applicable third-party manager's disclosure brochure which is available upon request.

Discretionary

When the client provides Anchor Pointe discretionary authority the client will sign a limited trading authorization or equivalent. Anchor Pointe will have the authority to execute transactions in the account without seeking client approval on each transaction.

Non-discretionary

When the client elects to use Anchor Pointe on a non-discretionary basis, Anchor Pointe will determine the securities to be bought or sold and the amount of the securities to be bought or sold. However, Anchor Pointe will obtain prior client approval on each and every transaction before executing any transactions.

FINANCIAL PLANNING AND CONSULTING

If financial planning services are applicable, Anchor Pointe offers the packages below. The client will compensate Anchor Pointe on an hourly or ongoing basis described in detail under "Fees and Compensation" section of this brochure.

One time financial plan:

Anchor Pointe offers financial planning services to all clients. Clients pay hourly for specific advice. If financial planning services are applicable, the client will compensate Anchor Pointe as described in detail under "Fees and Compensation" section of this brochure. Financial plans will be completed and delivered inside of thirty (30) days. Clients may

terminate advisory services with thirty (30) days written notice. A comprehensive financial plan includes these elements:

1. Identification of financial goals and objectives.
2. Collection and assessment of all relevant data.
3. Identification of financial problems and formulation of solutions.
4. Preparation of a financial plan in the form of specific written recommendations.
5. Implementation of recommendations.
6. Periodic review and update.

On-going services:

When ongoing consulting services are required Anchor Pointe will do a thorough financial discovery with every client (e.g. two years of tax returns, insurance policies, investments statements, bank statements, debt statements, estate documents, social security estimates, etc.) and help them form specific financial goals. Services are provided to help the client clearly identify goals, set a framework for success, and ensure that the client has an accountability partner to help keep the client on track to a successful financial future.

Clients that participate in the on-going services program can expect the following:

- A comprehensive financial plan with a prioritized action plan in each of these financial areas: cash management, debt management, risk management, investment management, social security planning, tax planning, estate preservation and identity theft prevention.

Topics, areas and issues addressing analysis and recommendations may include the following:

 - b. Have clients run credit reports and review them.
 - c. Look for accounts that should be closed to tighten up the credit report.

Client Tailored Services and Client Imposed Restrictions

The goals and objectives for each client are documented in our client files. Investment strategies are created that reflect the stated goals and objective. Clients may impose restrictions on investing in certain securities or types of securities.

Agreements may not be assigned without written client consent.

Wrap Fee Programs

Anchor Pointe does not sponsor any wrap fee programs, although third-party platform providers and third party investment managers that are available may do so. For information about such programs provided by third party platform providers and third-party managers, please refer to the applicable disclosure brochure which is available upon request.

Client Assets under Management

As of December 31, 2018, Anchor Pointe had approximately \$54,389,859 client assets under management on a discretionary basis.

Item 5: Fees and Compensation

Method of Compensation and Fee Schedule

ASSET MANAGEMENT

Anchor Pointe offers discretionary and non-discretionary asset management services to advisory clients. The fees for these services will be based on a percentage of Assets Under Management, and the rate which will apply will generally be based on the total asset value as follows:

Assets Under Management	Annual Management Fee	Quarterly Management Fee
Up to \$250,000	1.5%	.3750%
\$250,001 to \$500,000	1.13%	.2825%
\$500,001 to \$1,000,000	1.09%	.2725%
Over \$1,000,001	.76%	.1900%

The annual fee may be negotiable. Accounts within the same household may be combined for a reduced fee. Fees are billed quarterly in arrears based on the amount of assets managed as of the close of business on the last business day of the applicable quarter, or are billed in advance based on the amount of assets managed as of the close of business on the last business day of the previous quarter. Quarterly advisory fees deducted from the clients' account by the custodian will be reflected on the account statement provided by the custodian. Lower fees for comparable services may be available from other sources. Clients may terminate their account within five (5) business days of signing the Investment Advisory Agreement for a full refund. After which, clients may terminate advisory services with thirty (30) days written notice. Anchor Pointe will be entitled to a pro rata fee for the days service was provided in the final quarter subject to the notice provision above. For accounts billed in advance, clients will be refunded any unearned fees for partial periods subject to the notice provision above. Client shall be given thirty (30) days prior written notice of any increase in fees.

Clients may be subject to additional third-party investment platform fees where applicable, although such additional fees are fully disclosed in advance in applicable platform client service agreement. Information about third party investment platforms is available in the applicable platform disclosure brochure which is available upon request.

Clients may also be subject to additional third-party manager fees where applicable, although such additional fees are fully disclosed in advance in applicable management agreement. Information about third party investment managers is available in the applicable manager's disclosure brochure which is available upon request.

FINANCIAL PLANNING and CONSULTING

One time financial plan

Financial Planning Services are offered based on a negotiable hourly rate of up to \$200 based on complexity and unique client needs. Prior to the planning process the client will be provided an estimated plan fee. Lower fees for comparable services may be available from other sources. Client will pay half of the fee at the signing of the agreement with the balance due upon delivery of the completed plan.. Anchor Pointe reserves the right to waive the planning fees should the client decide to implement the plan with Anchor Pointe.

Anchor Pointe requires a one-time set-up fee for ongoing consultations ranging in the amount of \$1,500-\$4,000 plus an ongoing monthly fee of \$500-\$1,250 per month or quarterly fee ranging from or \$1,500-\$3,750 per quarter. Anchor Pointe reserves the right to waive the initial set-up fee. The balance of fees due are payable either monthly or quarterly at the beginning of the period. Services to be provided, anticipated fee range and frequency of fee are detailed in the written Financial Planning Agreement. If the client cancels within five (5) business days, no fees will be due. If a client cancels after five (5) business days, Anchor Pointe is entitled to any earned fees and will bill the client.

Client Payment of Fees

Investment management fees are billed quarterly, in arrears, meaning that Anchor Pointe will charge the client after the three-month billing period has ended, or are billed in advance at the beginning of the period. Payment in full is expected upon billing. Fees are usually deducted from a designated client account to facilitate billing. The client must consent in advance to direct debiting of their investment account.

Fees for one time consultation financial plans are due upon completion of the plan, which will be completed inside of thirty (30) days.

Fees for ongoing consultations will be due upon commencement of the plan and at the beginning of each month or quarter thereafter.

Additional Client Fees Charged

Custodians may charge transaction fees on purchases or sales of certain mutual funds, equities, and exchange-traded funds. These charges may include Mutual Fund transactions fees, postage and handling and miscellaneous fees. These transaction charges are usually small and incidental to the purchase or sale of a security.

Anchor Pointe, in its sole discretion, may waive its minimum fee and/or charge a lesser investment advisory fee based upon certain criteria (e.g., historical relationship, type of assets, anticipated future earning capacity, anticipated future additional assets, dollar amounts of assets to be managed, related accounts, account composition, negotiations with clients, etc.).

For more details on the brokerage practices, see Item 12 of this brochure.

In instances where assets are managed using a third-party manager and or a third-party platform provider, transaction fees may be covered by the applicable management or platform fee. For information about such programs provided by third party managers and platform providers, please refer to the applicable disclosure brochure which is available upon request.

Prepayment of Client Fees

For investment management fees charged in advance, fees are charged at the beginning of the applicable billing period.

Financial planning fees will be billed half of the estimated fee at the signing of the agreement with the balance due upon delivery of the completed plan.

Initial set-up fees for ongoing financial plans are billed in advance.

If the client cancels after five (5) business days, any unearned fees will be refunded to the client subject to the notice provision of the applicable contract, and any unpaid earned fees will be due to Anchor Pointe.

External Compensation for the Sale of Securities to Clients

Neither Anchor Pointe nor any of its investment advisor representatives receive any external compensation for the sale of securities to clients

Item 6: Performance-Based Fees and Side-by-Side Management

Sharing of Capital Gains

Fees are not based on a share of the capital gains or capital appreciation of managed securities.

Anchor Pointe does not use a performance-based fee structure because of the conflict of interest. Performance based compensation may create an incentive for the adviser to recommend an investment that may carry a higher degree of risk to the client.

Item 7: Types of Clients

Description

Anchor Pointe primarily provides investment advice to individuals and high net worth individuals. Client relationships vary in scope and length of service.

Account Minimums

Anchor Pointe requires a minimum of \$100,000 to open an account, but the firm does have the discretion to accept accounts with less assets. Accounts with fewer assets are accepted as an accommodation to clients with multiple accounts, and/or for those making regular additions to their account(s).

Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

Methods of Analysis

Security analysis methods may include fundamental analysis, technical analysis, and cyclical analysis. Investing in securities involves risk of loss that clients should be prepared to bear. Past performance is not a guarantee of future returns.

Fundamental analysis involves evaluating a stock using real data such as company revenues, earnings, return on equity, and profits margins to determine underlying value and potential growth. Technical analysis involves evaluating securities based on past prices and volume. Cyclical analysis involves analyzing the cycles of the market.

When creating a financial plan, Anchor Pointe utilizes fundamental analysis to provide review of insurance policies for economic value and income replacement. Technical analysis is used to review mutual funds and individual stocks. The main sources of information include Morningstar, client documents such as tax returns and insurance policies.

In developing a financial plan for a client, Anchor Pointe's analysis may include cash flow analysis, investment planning, risk management, tax planning and estate preservation. Based on the information gathered, a detailed strategy is tailored to the client's specific situation. The firm does not however provide legal or tax advice.

The main sources of information include outside investment platforms, Morningstar, financial newspapers and magazines, annual reports, prospectuses, and filings with the Securities and Exchange Commission.

For information about methods of analysis used by third party managers, please refer to the applicable manager's disclosure brochure which is available upon request.

Investment Strategy

The investment strategy for a specific client is based upon the objectives stated by the client during consultations. The client may change these objectives at any time. Each client executes a Risk Tolerance Questionnaire that documents their objectives and their desired investment strategy.

Anchor Pointe's investment strategy is primarily long-term focused, but Anchor Pointe may buy, sell or re-allocate positions that have been held less than one (1) year to meet the objectives of the client or due to market conditions. Anchor Pointe will construct, implement and monitor the portfolio to ensure it meets the goals, objectives, circumstances, and risk tolerance agreed to by the client. Each client will have the opportunity to place reasonable restrictions on the types of investments to be held in their respective portfolio, subject to acceptance by Anchor Pointe.

Other strategies may include long-term purchases, short-term purchases, trading, and option writing (including covered options, uncovered options or spreading strategies).

For information about investment strategies used by third party managers, please refer to the applicable manager's disclosure brochure which is available upon request.

Security Specific Material Risks

All investment programs have certain risks that are borne by the investor. Fundamental analysis may involve interest rate risk, market risk, business risk, and financial risk. Risks involved in technical analysis are inflation risk, reinvestment risk, and market risk. Cyclical analysis involves inflation risk, market risk, and currency risk.

Our investment approach constantly keeps the risk of loss in mind. Investors face the following investment risks and should discuss these risks with Anchor Pointe:

- *Interest-rate Risk:* Fluctuations in interest rates may cause investment prices to fluctuate. For example, when interest rates rise, yields on existing bonds become less attractive, causing their market values to decline.
- *Market Risk:* The price of a security, bond, or mutual fund may drop in reaction to tangible and intangible events and conditions. This type of risk is caused by external factors independent of a security's particular underlying circumstances. For example, political, economic and social conditions may trigger market events.
- *Inflation Risk:* When any type of inflation is present, a dollar today will buy more than a dollar next year, because purchasing power is eroding at the rate of inflation.
- *Currency Risk:* Overseas investments are subject to fluctuations in the value of the dollar against the currency of the investment's originating country. This is also referred to as exchange rate risk.
- *Reinvestment Risk:* This is the risk that future proceeds from investments may have to be reinvested at a potentially lower rate of return (i.e. interest rate). This primarily relates to fixed income securities.
- *Business Risk:* These risks are associated with a particular industry or a particular company within an industry. For example, oil-drilling companies depend on finding oil and then refining it, a lengthy process, before they can generate a profit. They carry a higher risk of profitability than an electric company which generates its income from a steady stream of customers who buy electricity no matter what the economic environment is like.
- *Liquidity Risk:* Liquidity is the ability to readily convert an investment into cash. Generally, assets are more liquid if many traders are interested in a standardized product. For example, Treasury Bills are highly liquid, while real estate properties are not.

- *Financial Risk:* Excessive borrowing to finance a business' operations increases the risk of profitability, because the company must meet the terms of its obligations in good times and bad. During periods of financial stress, the inability to meet loan obligations may result in bankruptcy and/or a declining market value.

Item 9: Disciplinary Information

Criminal or Civil Actions

The firm and its management have not been involved in any criminal or civil action.

Administrative Enforcement Proceedings

The firm and its management have not been involved in administrative enforcement proceedings.

Self-Regulatory Organization Enforcement Proceedings

The firm and its management have not been involved in legal or disciplinary events related to past or present investment clients.

Item 10: Other Financial Industry Activities and Affiliations

Broker-Dealer or Representative Registration

Neither the firm nor any of its employees are affiliated with a broker-dealer.

Futures or Commodity Registration

Neither Anchor Pointe nor its employees are registered or has an application pending to register as a futures commission merchant, commodity pool operator, or a commodity trading advisor.

Material Relationships Maintained by this Advisory Business and Conflicts of Interest

Mr. Hodges is the Founder of DMH Property Services, LLC, a property rental company. Advisory clients of Anchor Pointe Wealth Management, LLC are not solicited to invest in or rent property from DMH Property Services, LLC.

Mr. Hodges is also a board member for Hope for One More in Jackson, MO.

Recommendations or Selections of Other Investment Advisors and Conflicts of Interest

Anchor Pointe does not recommend or select other investment advisors.

Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Code of Ethics Description

The employees of Anchor Pointe have committed to a Code of Ethics ("Code"). The purpose of our Code is to set forth standards of conduct expected of Anchor Pointe employees and addresses conflicts that may arise. The Code defines acceptable behavior for employees of Anchor Pointe. The Code reflects Anchor Pointe and its supervised persons' responsibility to act in the best interest of their client.

One area which the Code addresses is when employees buy or sell securities for their personal accounts and how to mitigate any conflict of interest with our clients. Anchor Pointe does not allow any employees to use non-public material information for their

personal profit or to use internal research for their personal benefit in conflict with the benefit to our clients.

Anchor Pointe's policy prohibits any person from acting upon or otherwise misusing non-public or inside information. No advisory representative or other employee, officer or director of Anchor Pointe may recommend any transaction in a security or its derivative to advisory clients or engage in personal securities transactions for a security or its derivatives if the advisory representative possesses material, non-public information regarding the security.

Anchor Pointe's Code is based on the guiding principle that the interests of the client are the top priority. Anchor Pointe's officers, directors, advisors, and other employees have a fiduciary duty to the clients and must diligently perform that duty to maintain the trust and confidence of the clients. When a conflict arises, it is Anchor Pointe's obligation to put the client's interests over the interests of either employees or the company.

The Code applies to "access" persons. "Access" persons are employees who have access to non-public information regarding any clients' purchase or sale of securities, or non-public information regarding the portfolio holdings of any reportable fund, who are involved in making securities recommendations to clients, or who have access to such recommendations that are non-public.

The firm will provide a copy of the Code of Ethics to any client or prospective client upon request.

Investment Recommendations Involving a Material Financial Interest and Conflict of Interest

Anchor Pointe and its employees do not recommend to clients securities in which we have a material financial interest.

Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest

Anchor Pointe and its employees may buy or sell securities that are also held by clients. In order to mitigate conflicts of interest such as front running, employees are required to disclose all reportable securities transactions as well as provide Anchor Pointe with copies of their brokerage statements.

The Chief Compliance Officer of Anchor Pointe is Derieck Hodges. He reviews all employee trades quarterly. The personal trading reviews ensure that the personal trading of employees does not affect the markets and that clients of the firm receive preferential treatment over employee transactions.

Client Securities Recommendations or Trades and Concurrent Advisory Firm Securities Transactions and Conflicts of Interest

Anchor Pointe does not maintain a firm proprietary trading account and does not have a material financial interest in any securities being recommended and therefore no conflicts of interest exist. However, employees may buy or sell securities at the same time they buy or sell securities for clients. In order to mitigate conflicts of interest such as front running, employees are required to disclose all reportable securities transactions as well as provide Anchor Pointe with copies of their brokerage statements.

The Chief Compliance Officer of Anchor Pointe is Derieck Hodges. He reviews all employee trades each quarter. The personal trading reviews ensure that the personal trading of employees does not affect the markets and that clients of the firm receive preferential treatment over employee transactions.

Item 12: Brokerage Practices

Factors Used to Select Broker-Dealers for Client Transactions

Anchor Pointe may recommend the use of a particular broker-dealer, such as Fidelity Investments or may utilize a broker-dealer of the client's choosing. Anchor Pointe will select appropriate brokers based on a number of factors including but not limited to their relatively low transaction fees and reporting ability. Anchor Pointe relies on its broker to provide its execution services at the best prices available. Lower fees for comparable services may be available from other sources. Clients pay for any and all custodial fees in addition to the advisory fee charged by Anchor Pointe.

- *Directed Brokerage*

In circumstances where a client directs Anchor Pointe to use a certain broker-dealer, Anchor Pointe still has a fiduciary duty to its clients. The following may apply with Directed Brokerage: Anchor Pointe's inability to negotiate commissions, to obtain volume discounts, there may be a disparity in commission charges among clients and conflicts of interest arising from brokerage firm referrals.

- *Best Execution*

Investment advisors who manage or supervise client portfolios on a discretionary basis have a fiduciary obligation of best execution. The determination of what may constitute best execution and price in the execution of a securities transaction by a broker involves a number of considerations and is subjective. Factors affecting brokerage selection include the overall direct net economic result to the portfolios, the efficiency with which the transaction is effected, the ability to effect the transaction where a large block is involved, the operational facilities of the broker-dealer, the value of an ongoing relationship with such broker and the financial strength and stability of the broker. The firm does not receive any portion of the trading fees.

- *Soft Dollar Arrangements*

The Securities and Exchange Commission defines soft dollar practices as arrangement under which products or services other than execution services are obtained by Anchor Pointe from or through a broker-dealer in exchange for directing client transactions to the broker-dealer. As permitted by Section 28(e) of the Securities Exchange Act of 1934, Anchor Pointe receives economic benefits as a result of commissions generated from securities transactions by the broker-dealer from the accounts of Anchor Pointe. These benefits include both proprietary research from the broker and other research written by third parties.

A conflict of interest exists when Anchor Pointe receives soft dollars. This conflict is mitigated by the fact that Anchor Pointe has a fiduciary responsibility to act in the best interest of its clients and the services received are beneficial to all clients.

Aggregating Securities Transactions for Client Accounts

Anchor Pointe is authorized in its discretion to aggregate purchases and sales and other transactions made for the account with purchases and sales and transactions in the same securities for other Clients of Anchor Pointe. All clients participating in the aggregated order shall receive an average share price with all other transaction costs shared on a pro-rated basis.

Item 13: Review of Accounts

Schedule for Periodic Review of Client Accounts or Financial Plans and Advisory Persons Involved

Account reviews are performed quarterly by Investment Advisor Representatives of Anchor Pointe. Account reviews are performed more frequently when market conditions dictate. Financial Plans are considered complete when recommendations are delivered to the client and a review is done only upon request of client.

Review of Client Accounts on Non-Periodic Basis

Other conditions that may trigger a review of clients' accounts are changes in the tax laws, new investment information, and changes in a client's own situation.

Content of Client Provided Reports and Frequency

Clients receive written account statements no less than quarterly for managed accounts. Account statements are issued by Anchor Pointe's custodian. Client receives confirmations of each transaction in account from Custodian and an additional statement during any month in which a transaction occurs. Anchor Pointe provides performance reports to clients at their request.

Item 14: Client Referrals and Other Compensation

Economic benefits provided to the Advisory Firm from External Sources and Conflicts of Interest

Anchor Pointe may receive economic benefits from our custodian in the form of products and services that are made available to us and other independent advisers. These products and services, how they benefit us, and the related conflicts of interest are described in Item 12 above. The availability to us of our custodian's products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

Anchor Pointe may also receive certain allowances, reimbursements or services from platform providers such as reimbursement of qualified marketing/practice development expenses incurred by the firm, access to conferences, discounted pricing for practice management and marketing related tools and services, etc.

Advisory Firm Payments for Client Referrals

Anchor Pointe does not compensate for client referrals.

Item 15: Custody

Account Statements

All assets are held at qualified custodians, which means the custodians provide account statements directly to clients at their address of record at least quarterly. Clients are urged to compare the account statements received directly from their custodians to the performance report statements prepared by Anchor Pointe.

Although we do not hold assets, we may have limited control in some instances to trade on your behalf, to deduct our advisory fees from your account with your authorization, or to request disbursements on your behalf (although various types of written authorizations are required depending on the type of disbursements).

Item 16: Investment Discretion

Discretionary Authority for Trading

Anchor Pointe accepts discretionary authority to manage securities accounts on behalf of clients. Anchor Pointe has the authority to determine, without obtaining specific client consent, the securities to be bought or sold, and the amount of the securities to be bought or sold. Any restrictions are noted on the advisory agreement. However, Anchor Pointe consults with the client prior to each trade to obtain approval if a blanket trading authorization has not been given.

Anchor Pointe clients may also delegate discretionary authority to third party investment managers.

Item 17: Voting Client Securities

Proxy Votes

Anchor Pointe does not vote proxies on securities. Clients are expected to vote their own proxies. The client will receive their proxies directly from the custodian of their account or from a transfer agent.

When assistance on voting proxies is requested, Anchor Pointe will provide recommendations to the client. If a conflict of interest exists, it will be disclosed to the client.

For information about proxy voting practices of third-party managers, please refer to the applicable third-party manager's disclosure brochure which is available upon request.

Item 18: Financial Information

Balance Sheet

A balance sheet is not required to be provided because Anchor Pointe does not serve as a custodian for client funds or securities and Anchor Pointe does not require prepayment of fees of more than \$500 per client and six (6) months or more in advance.

Financial Conditions Reasonably Likely to Impair Advisory Firm's Ability to Meet Commitments to Clients

Anchor Pointe has no condition that is reasonably likely to impair our ability to meet contractual commitments to our clients.

Bankruptcy Petitions during the Past Ten Years

Neither Anchor Pointe nor its management has had any bankruptcy petitions.

Professional Certifications

Employees have earned certifications and credentials that are required to be explained in further detail.

The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as

necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;

- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board's Standards of Professional Conduct, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board's enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
